**TAGAWAY® BIODEGRADABLE,  
SPRAYABLE LIQUID GRAFFITI  
REMOVER FOR SMOOTH &  
PAINTED SURFACES**

## **BENEFITS AND ADVANTAGES**

1. **Tagaway®** is formulated using only biodegradable ingredients.
2. **Tagaway®** is non-flammable for worker and transportation safety.
3. **Tagaway®** contains no carcinogens (such as methylene chloride).
4. **Tagaway®** is ready to use requiring no stirring or premixing.
5. **Tagaway®** is a thin pourable liquid packaged in 5 gallon pails, 1 gallon jugs, and 1 qt trigger spray bottles (6 per case).
6. **Tagaway®** has a mild odor, easy to use by both novice and skilled workers and considered non-hazardous by UN/DOT standards
7. **Tagaway®** is safe to use on durable painted and reflective coated surfaces.
8. **Tagaway®** wipes permanent marker ink in seconds. **Tagaway®** dissolves spray paint graffiti off durable painted surfaces in minutes. In other words the power of **Tagaway®** can be controlled by the length of time it is allowed to remain on the graffiti from a few seconds to a few minutes.
9. **Tagaway®** dissolves adhesives left behind from decals and stickers.
10. **Tagaway®** *is a spray and wipe product* that does not require a water rinse. This allows for quick roadside graffiti removal by any or many appointed individuals equipped with merely a trigger quart bottle of **Tagaway®** and some clean rags.
11. At temperatures well below 0°F., **Tagaway®** remains a liquid. This and other characteristics makes **Tagaway®** *a product that performs year round.*, **Tagaway®** out performs all other products that fail at 40° to 60°F.
12. **Tagaway®** is cost effective requiring only a spray mist (a fraction of a fluid ounce) per square foot.
